# Brand Business

We embody the brand's philosophy and values by integrating everything from product planning and development to consumer communication, sales, and delivery. Through this comprehensive approach, we offer products and services that continue to enrich and support everyday life.

# Group Management Business

We serve as a true partner by enhancing our corporate functions and streamlining operational processes to contribute to business growth and improve productivity. By addressing business challenges—including operations, strategy, and future investments—we build internal infrastructure, foster a comfortable and efficient work environment, and deliver services and value that exceed expectations. Through these efforts, we help ensure sustainable corporate management.

# GROUP COMPANY BUSINESS

## IDEA PORT INC.

Becoming a "Lifestyle Entertainment Company" that brings surprise and delight to the world. We create value in the spaces between people and things, transforming them into products and services through creativity, unconventional thinking, and diverse identities that think outside the box.

Each of our employees acts as a lifestyle entertainer, delivering surprise and delight to people around the world - bringing smiles and joy-filled living to everyday life.
